OUR SERVICES

At Khairat Al-Ghannam Logistics, we redefine logistics and freight forwarding in Iraq with a commitment to excellence and a vision for the future.

AIR FREIGHT

Our Air Freight services are designed to offer rapid and reliable transportation solutions for international shipments. We extend different modes as Door to Door, Door to Airport or Airport to Airport.

Whether transporting General Cargo, pharmaceuticals, Dangerous Goods, Perishables, Live Animals, or Oversized Cargo, we ensure that each shipment is handled with the highest level of attention and security and in compliance with IATA and ICAO rules of Air Transport. We Our staff are IATA trained and certified on handling of Dangerous Goods, Live Animals, Perishables in addition to General Cargo. Part of our staff are also GDP Certified to better handle sensitive pharma shipments.

AIR CHARTER

Our Air Charter Solutions are designed to address the most demanding and specialized transport needs with flexibility and precision. From the initial consultation to the final delivery, we work closely with you to ensure that all aspects of the charter are handled seamlessly. Our team coordinate all logistical elements, including aircraft selection, flight planning, and ground handling, to provide a comprehensive solution that meets your exact specifications.

OCEAN FREIGHT

Our Ocean Freight services at current offer Full Container Loads (FCL) linking the Port of Umm Qasr (Iraq's main port located in Basra) to the world, our strong NVOCC network span Europe, USA, Middle East, India, China and Turkey. Hence, we are well positioned to provide cost-effective Import FCL Ocean Freight Solutions.

LAND TRANSPORT

Our Land Transport services provide extensive trucking and distribution solutions for regional routes with a focus on linking Iraq to Neighboring countries namely GCC, Jordan and Turkey. Through our strong partners we offer the quickest and most reliable customs clearance for FTL's at a number of key border crossings into Iraq such as Tribil, Ibrahim Al Khalil, Ara'r and others.

CUSTOMS CLEARANCE

Our Customs Clearance services are key to streamlining the import and export process by managing documentation and ensuring regulatory compliance. Having our own dedicated team allows us to offer a competitive customs clearance service at Basra Airport, Baghdad Airport as well as Umm Qasr Port for both our Ocean and Air Door to Door Import Offering. In addition, we are able to provide trucking and to door services handling shipments of all sizes, volume and weight. We simply got you all covered.

DEVELOPING LOCAL TALENT

Our future plans emphasize a customer-centric approach, focusing on delivering personalized services through our local staff. We will actively seek feedback and ensure that our offerings meet and at times exceed our customer expectations. Additionally, our management is committed to continuing to invest in our local team by providing ongoing training, coaching and mentoring of Iraqi talent.

SOCIAL RESPONSIBILITY

We are committed to giving back to our local Iraqi community. We work on offering internships to Iraqi youth when the need arises thus developing both their soft skills and industry knowledge to enable them to take up exciting job opportunities.

Our management is also keen on introducing social activities as well as facilitate support to the local community as and when the right opportunities arise.

THE FUTURE

Khairat Al-Ghannam Logistics is dedicated to broadening our logistic solutions and expanding our geographic footprint. We are committed to enhancing our Air, Ocean, and land Transport services to cater to a wider range of customers. Our goal is to establish a stronger presence not only throughout the Southern Region but across the whole country linking Iraq to key markets regionally and globally. This expansion will be supported by the opening of new branches and the formation of additional strategic partnerships to better serve our clients.

We plan to invest in advanced logistics management systems, automation, and data analytics to optimize our operations. Additionally, we are committed to implementing eco-friendly practices to reduce our carbon footprint (that is linked to our Quality Management System being ISO14001 accredited). We constantly work on integrating sustainable practices across all aspects of our operations to minimize our environmental impact.
